JUNE NEWSLETTER 2018

HELLO PARENTS,

This past year has gone by so fast it is hard to believe that summer is almost upon us. These past few weeks we have experienced all kinds of weather. There have been days when it has been difficult for the children to go outside or even walk to and from school as they are not dressed properly for the changing weather. We know that you are all very busy in the mornings, if you could take just a few minutes to look at the forecast for each day and send the appropriate clothing it would help us in organizing our outdoor times. We are all challenged by our weather conditions. Today it is sunny and hot but tomorrow it could be raining and very cold, if your child has to walk to school it bad weather without proper clothing makes it very difficult for them to have an enjoyable day when it starts out poorly.

They have learned about many different topics like camping, sports, nature, spring/gardening, flowers and bugs.
